

Papermule Ltd

Environmental Policy

Papermule Limited is committed to both the protection of the environment and evaluating the impact the organisations actions can have.

Compliance with legislation is the minimum standard to which the Company shall adhere. The Company will also endeavour to follow best practice with due regard for its business needs, in line with the requirements of ISO14001:2015 and the expectations of all interested parties. The objectives for the Company under this policy are:

1. Reduce the carbon footprint of the business
2. Reduce energy consumption where possible*
3. Reduce water usage and remedy leaks where possible*
4. Promote sustainable travel by using public transport for client visits where possible
5. Minimise the production of all waste types and encourage reuse, recycling and the disposal of other waste that cannot be avoided in a responsible manner where possible*

*Within a leased office

All Directors will be responsible for communicating and implementing this policy and will ensure that:

1. Employees are encouraged to be aware of the personal impact they can have on this policy
2. Efforts are made to minimise travel by maximising use of communication platforms where possible. Where not possible, public transport and car sharing is actively encouraged
3. Favour the use of suppliers who are committed to environmental good practice
4. Pollution is prevented in all forms, especially from redundant electrical equipment/toner cartridges/batteries The implementation of this policy is fundamental to the success of the organization's business and must be supported by all employees as an integral part of their daily work.
